601 Locust Street
Windsor, CO 80550**

Please answer the following questions:

1. Provide a detailed list of the specific materials you are requesting for this grant. Include cost, supplier and types of materials.
2. Describe how these materials will be used by students and how they will benefit your current and future students.
3. The goal of the CBTA grant is to provide equipment for student research. How will your proposal facilitate this goal?
4. How many students will benefit from your proposal? Will other teachers/students have access to the equipment from this grant? Explain.
5. How do you plan to assess the impact of your proposal, evaluate its success?
6. School Profile: _____% free/reduced lunch _____% minority _____% Attendance rate

****All recipients are required to submit a brief, written evaluation (we provide) following use of equipment/materials in your classroom.**
